

As- sign- ment 03

Spatial Collage

For this assignment, you are expected to produce a **spatial collage** that will be composed of 3 elements:

- a **photo of the model** (produced for As 02) which shows at least two spaces
- a **digital drawing of your own modulator** in (at least) two different postures (the digital drawing of the modulator should be produced in illustrator)
- a random photo of your selection (it can also be a texture)

First, you will **re-scale the photo of the model and your modulator** drawings accordingly. The random image should contribute to the spatial experience created in the model.

As03 Submission

Digital submission: a single pdf

-Upload your work to lms.tedu.edu.tr in the assigned file format
